Learning Objective:

Upon completion of this online continuing education you will be more familiar with the following the state board requirements of health & safety in the salon and schools. This unit will provide trainees with the necessary elements to help control dangerous disease-causing germs. By following some very important basic procedures and by providing a clean salon and school it will be easy to provide your clients and students with the very best professional care without the fear of your clients becoming infected by a disease agent. It is important to understand that the removal of all disease-causing germs in a salon will be almost impossible, but the control of dangerous levels is the key to providing a safe salon.
